SUMMARY OF THE REASONS FOR DECISION:

The untitled photographic material, also known as *Item 41 Sleeve containing 2 negatives and a photograph* is classified as:
Unrestricted.

The publication consists of a black and white photographic print and two negatives. Each image is a wide shot of a naked adolescent girl with a youthful physique. The girl is leaning one hand against a wall outdoors. She appears to be about to dip her toes into a pond. She is side on to the camera with one hand over her genitals in front of one breast. The dominant effect of the publication is romantic and aesthetic rather than overtly sexual.

While the publication exploits the nudity of young persons, it does not do so to an extent or degree, or in a manner, that would render its availability likely to be injurious to the public good. Consequently, no restriction is placed on the publication. The freedom of expression set out in the New Zealand Bill of Rights Act 1990 is not limited by this classification.
